

ICHSAN BUDIMAN PUTRA

Address : Jl. Raya DuriKosambi RT. 06 RW. 01, Cengkareng, Jakarta Barat
Phone : 085659937420
Email : Ichsanbudiman12@gmail.com
Website : <https://ichsanbudiman25.github.io/MyResume>

I am Ichsan Budiman Putra, a dedicated and skilled FullStack Web Developer with a background in Informatics Engineering from the Institute of Technology of the State Electricity Company, Jakarta. My extensive experience in web development, combined with technical skills and certifications in network administration, cybersecurity, and Linux, makes me a versatile professional in the technology industry. My leadership experience as the Chairman of the Informatics Engineering Student Association demonstrates my ability to guide and manage teams, ensuring the successful implementation of various initiatives and events. My interest in fullstack web development, cybersecurity, digital forensics, and computer networks drives my continuous learning and professional growth in these fields.
